

NP School Requirements

Bachelor of Science-Nursing

You will need to have a BSN degree to apply for an MSN nurse practitioner program

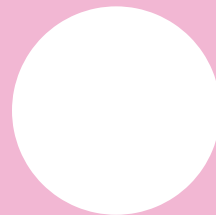

Active RN License

You will also need to show your active nursing license! They want to make sure you are currently in practice as a nurse.

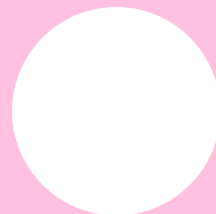

Prerequisites

Some programs will require certain prerequisite courses are completed (most likely done for pre-nursing already).

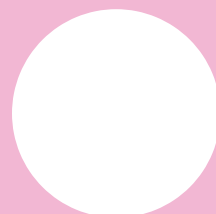

Experience

At least a minimum of 1-2 years of experience is required but more experience is best!

GPA

Generally, they ask that you have a BSN GPA of 3.0 or higher.

Exams

Some programs may ask you to take the GRE to apply to the program!
